

Key Features:

- Regulates internal temperature
- Preserves canvas quality
- Zips straight to your Oztent
- Designed for each RV model

Description:

The Oztent RV Fly is a great addition to keep the tent cooler and as a protector from bird droppings and tree sap. It is useful in areas of high condensation. It is also great to keep the tent drier in wet weather but it is not necessary for waterproofing the tent.

The Fly zips to the tent above the awning and provides extra cover over the sleeping area of the tent. It comes complete with two extra poles, all ropes, pegs and carry bag.

Specifications:
